ITALIANS' LOSSES 44,866 AT BARDIA

Campaign To Capture Tobruk Is Proceeding Says British Command

Fascist "Killed and Captured" At Bardia Are 2,041 Officers and 42,827 Men—Total Ineffective 100,000

CAIRO, Jan. 11.—(AP)—British general headquarters disclosed today the full magnitude of the conquest of Bardia—44,866 Italians captured or dead, impressive quantities of armament seized or destroyed—and announced the campaign to smash Tobruk. Libyan headquarters 70 miles to the west, is "proceeding satisfactorily."

Before Bardia fell six days ago, it had been generally supposed there were no more than 20,000 troops penned up there. Today, however, a communiqué put Italian "killed and captured" at 2,041 officers and 42,827 men.

Today's War Moves

By J. W. T. MASON
British United Press War Expert
Exclusive to Edmonton Bulletin

ANNOUNCEMENT of a new Russo-German boundary and trade agreement coincided with reports from Bucharest this week officially denied by Moscow of Russia's Black Sea fleet manœuvring off German held Rumanian ports and being warned away. Berlin statements today that a new treaty contracts American aid to Britain are propaganda for the German people and have no realistic basis whatever.

Provisions for adjusting Baltic and Polish boundaries and for repatriation of populations in the Baltic states recently annexed by Russia are normal. Russo-German relations in areas where there is no reason for serious concern at the present time. The words of Baltic and Polish trouble are for future spreading.

Exchange of Russian grain and oil for German machinery and other commodities has been proceeding since the start of the war and before a new treaty at the conference further exchange does not change the situation in any essential manner.

Germany and Russia naturally are open to expanding their commerce.

PORTSMOUTH IS TARGET OF HEAVY ATTACK

Hundreds Of Incendiary and Explosive Bombs Dropped On City

PORTSMOUTH, Jan. 11.—(BUP)—British fighter planes, their machine guns blazing, saved this city from devastation during the night of fierce, ferocious, German "utter destruction" raids, and were believed to have brought down six Luftwaffe machines.

The Germans made three separate assaults on Portsmouth, spreading their attack over the night. The first wave of raiders dropped hundreds of incendiary bombs which started many fires, some of them big.

Then the raiders, raised, down high explosives, probably using the configurations they had started as targets, causing fairly heavy casualties.

Several streets of houses were heavily damaged.

Some hospitals were evacuated while the raids were underway, because of the danger of fire but no damage to the hospitals was brought under control.

One German crashed into the sea some miles from town.

The air ministry reported that two German fighters were shot down but the admission of the German high command that six planes were lost led to belief here that four more raiders had been damaged too badly to reach the addition of the two officially claimed by the air ministry.

AIR BASES FROM U.S. TO ALASKA TO BE ANNOUNCED

NEW YORK, Jan. 11.—(AP)—An Associated Press dispatch today from Ottawa said it was reliably reported that a plan to construct a series of air bases between the United States border and Alaska will be announced shortly by the Canadian government.

The bases will be built by Canada, but will be available for use by United States military planes flying to or from the United States and Alaska, the dispatch said.

The construction, it was reported, is in line with the policy of joint defense of the United States.

Yellowknife Gold Plays Big Part In War Effort: Mines Increasing Output

Gold is as potent a war weapon as airplanes, tanks, guns and munitions in and Canada's war effort the mines of the Yellowknife territory are destined to play an ever increasing part.

Mine in the territory new in production are increasing their output to help pay for Canada's war effort, while properties, promising great showings are being developed as rapidly as possible.

Although the Yellowknife discoveries are less than five years old, they are producing more than the Canadian output, which was about 100,000 ounces in 1938 was \$28,250. In 1939 the output was \$32,000.

By the end of 1940, for the first six months, the output was \$123,000, and it is anticipated that this amount will be more than doubled when the output figures for the second half of 1940 are released.

Specific Methods To Give Assistance To Britain Are Taking Shape In States

WASHINGTON, Jan. 11.—(AP)—Specific methods by which the United States administration would extend aid to Britain under the proposed lend-lease bill began to take shape today even as congressional critics called for restriction of the vast power the measure would confer upon President Roosevelt.

Senator James Byrnes (Dem.-South Carolina) who participated in preliminary conferences on the legislation introduced in congress yesterday, said it was likely that:

"If approved, the lend-lease program would be put into operation by the president chiefly through the new office of production management."

This, it was said, would make for close correlation between production for America and that for Britain. The office, headed by William S. Knudsen and Sidney Hillman, with Secretary of War Henry Stimson and Navy Secretary Frank B. Rowan, already has been charged by the president with full responsibility for American production.

In addition, other sources said, the program is an enlarged version of the War Relocation Administration, which has been charged by the president with full responsibility for American production.

The first necessary for making the program effective, Byrnes said, was to:

Two Direct Hits On Large Vessels Made By Bombers

Shipping In Le Havre Harbor Also Attacked By R.A.F. Planes—Raids On Northern Italy Are Seen Likely

By Frederick Kuh

LONDON, Jan. 11.—(BUP)—Two direct hits on the bow of a large vessel in the Breot dockyard which caused widespread fires in the dock area were reported by the air ministry today. A communiqué said that also shipping in Le Havre harbor had been attacked by British planes.

In some quarters there was belief that British planes also may have attacked northern Italy in view of a half hour's air raid alarm reported from Bern, Switzerland, early this morning. However, Zurich and Bern both reported air raid alarms yesterday and it was said that they had been caused by two German bombers which had lost their way.

British attacks on Breot and Le Havre last night followed smoldering daylight raids yesterday. The Breot dock area was hit by British bombers, which caused great damage to the dock area and to the shipping in the dock area.

U.S. WARSHIPS TRY RESIDENTS FRENCH COLONY

Destroyers Patrol Waters
At Martinique—People
Present Presence

NEW YORK, Jan. 11.—(AP)—French-owned island in the Caribbean, is very essential, as the presence of two United States destroyers, outside the harbor of Fort de France, a French colony, is a clear statement of U.S. policy.

Capt. Jacques Froment, master of the Saint-Denis, which arrived yesterday from the southern island, said the destroyers had replaced British warships which previously patrolled the harbor entrance.

Two months ago, it was reported from San Juan, Puerto Rico, that American warships had taken over the island from the British West Indies command.

Who do you have to have destroyed here, asked Capt. Froment, a First Grade War veteran who was decorated by Marshal Petain, now chief of state, and who escaped France.

"It would be better not to have them," he continued, "but at least not in view of the people."

He said that the warships were stationed about six miles off shore during the day, but according to islanders, warships came "right up to the harbor entrance at night."

When questioned explained that some quarters had expressed concern over the possibility of German control of the island, Capt. Froment replied, "ah, the Germans—bah!"

**Fifty Per Cent.
Increase Armed
Forces Is Seen**

OTTAWA, Jan. 11.—(CP)—An increase of 50 per cent. in the strength of Canada's armed forces during the present year was anticipated by the interior department committee on labor coordination.

The committee in planning the increase of industrial workers announced Friday.

The total estimated increase in the services placed at 117,000 of which 4,000 go into the army and 31,000 into the air force.

Former Bulletin Editor Commands Supply Unit Of Canadian Armored Brigade

Exclusive to Edmonton Bulletin

OTTAWA, Jan. 11.—To supply ammunition, food, petrol and other vital war supplies to an armored brigade is a big task and it has been placed in the hands of a big man. He is Major W. A. de Graves, D.S.O., a westerner who hails from Edmonton, and who saw action during the last war with the 1st Divisional Train, the R.F.C. and the 3rd Divisional Troops.

Previous to his Camp Borden appointment, Major de Graves was commanding officer of the Fourth Petrol Park Company, Canadian Reserve Army, Edmonton, and gave up his duties as managing editor of the Edmonton Bulletin to assume his full time war duties.

At Camp Borden, Major de Graves has a nucleus of 25 men undergoing training to become the supply unit for the massive First Canadian Armored Brigade under the command of Col. F. W. Worthington.

ARMORED BRIGADE COMPANY
When at full strength, this supply corps of the armored brigade will have more than 250 officers and other ranks on its roster. It will be an armored brigade company, R.C.A.S.

Recalled from England to assist in the training of the brigade, Major de Graves is now in charge of the supply unit of the 1st Canadian Armored Brigade.

Major de Graves has a supply column comprising 475 men and 15 officers ordered in France. In all, there will be about 250 officers and other ranks on its roster. It will be an armored brigade company, R.C.A.S.

BOMBED AT BREST
"We have never been never in any real danger during the evacuation," said Major de Graves. In fact, on our return to England, we looked at it as being going to be a very easy job. We were in the service estimated increase in the services placed at 117,000 of which 4,000 go into the army and 31,000 into the air force.

Minister Urges Proposals Of Sirois Report Involving Labor Branch Be Adopted

Article 11

ST. THOMAS, Ont., Jan. 11.—(CP)—Labor Minister McLarty recommended tonight that proposals of the Rowell-Sirois commission involving the department of labor should be put into effect.

By far the largest of these proposals was that the government should take over the management of the department of labor. McLarty said in an address at a dinner given at his home here last night.

Subject to the acceptance by the various provinces of the financial conditions necessary preceding the adoption of the report, he said, "I believe it desirable that the Dominion government should adopt this plan."

ONE STEP IS TAKEN
"I do not believe," he said, "that the Dominion has powers of taxation wider than other and these powers must be exercised if the burden is to be borne."

He said the Dominion already had taken one definite step in this regard by enacting the compulsory arbitration act. He said that the government would be able to do more in the future.

FRENCH SHIP WILL ATTEMPT TO MAKE HOME

Buenos Aires, Jan. 11.—(AP)—The 4,000-ton French merchant ship, *Medusa*, loaded with wheat, sailed Friday for Montevideo to complete its cargo, for what appeared to be the first attempt at a French ship to reach home from this country since the German conquest of France.

Informed sources, speculating on the *Medusa's* prospects, said French consuls had not been asked for documents necessary to permit passage to the British blockade.

French embassy officials explained the *Medusa* and four other French merchantmen, which have been in port since the armistice, were being prepared for voyages to the Americas.

The *Medusa's* departure—cannon apparently had been moved. The ship was said to have been loaded with wheat, and the police were said to have been ordered to guard the ship.

Students Resume Their Activities With More Sports, Lits, Dances

AFTER a Christmas break, spent in the usual outdoor and indoor sports, students of Edmonton High school returned to their studies this week with an added zest. But all is not quiet with the modern student, as the following write-ups by Bulletin high school correspondents will show:

SOUTH SIDE COMPOSITE

By Kay Braham

"To be or not to be—that is the question," and the question is this: Will our Year Savings campaign be a success? From all reports the total sales every week could be better, and with a view to helping matters out, each class has been given a "pen talk" and suggested means of saving money for the war effort.

One suggestion was "Don't chew gum." Proceeds from cutting out this "law exercise" would probably net the government an extra \$10 a week from the S.S.C. unit.

Another suggestion was that the girls take their boy friends home for refreshments after a date. Then the men in question could use the money he saved for the purchase of a cheap Wal-Mart gift, to be sent to be.

WESTERN

By Mary Travers

Great news for Western students. At this week's Student Union meeting, Alfred Pratt was made school convener, assisted by Jerry Forbes, Mary Greenough and Margaret McLaughlin. The girls will make up an executive to see "good" life every two or three weeks. Coupled with this is the fact that at the end of January a sleigh ride lies in wait.

The first edition of the Western Parade will be issued Monday night, with a return of the fall and winter activities to date. The paper will end of the year.

Of interest to Westerners is the fact that a former student, Blanche Thistlethwaite from New York next week to study in the North American, as speed-reading champion.

TECHNICAL

By Leon Kagna

Swinging into the year's second term, activities got underway to an excellent start when a graduating committee was drawn up consisting of: Jack Medall, chairman; Ken Johnston, vice-chairman; George Johnston, secretary-treasurer; Ken Johnston and Fred Nagel.

Not to be outdone, the Grade 11 social committee, under the leadership of George Sutherland, chairman; Edward Demers, secretary; and George Sutherland, secretary-treasurer; Nova Heister and George Ray.

In their first meeting of the year, the I.S.C.F. heard an interesting discussion by Mary Bell on the life of Christ. On December 30 the Tech and Commercial groups got together on a sleigh ride party. There was a good attendance.

EASTWOOD

By Mary Galt

Many students arrived back at school wearing the new school sweaters which were issued shortly before Christmas.

I.S.C.F. activities did not slacken during the holidays. A skating party was held which was brought to a close by a visit to the home of the president, where they were addressed by Melvin Pinnell. Also in attendance was Eillian Gibson, ex-president.

The staff of Eastwood Gazette is expecting to issue the next edition on January 29. The cast for the year play has not yet been announced. A dance with a "Scottish flavor" is being planned by the Students Union. It will be held on January 24.

The Pui Kappa has remodelled the dance room and is planning to operate an enterprise, donated by Kenneth Smith. Commercial groups will commence Monday.

One of the highlights of the Christmas holidays as far as Sep students were concerned was the Christmas dance staged by Separate schools in St. Mary's auditorium. Unquestioned, the efforts of the dance committee were much appreciated by the guests.

Several students are expected to make their appearance soon and arrangements for ping pong are being completed, so that after a few weeks of practice the annual four-man tournament is expected to get underway. Students have settled down to try new term work and school activities are underway as well.

McDONALD COMMERCIAL

The boys' senior basketball team lost to Normal's on Thursday night. This was the first game of the year for the team and although they were very definitely the score of 14-24 they gave a good account of themselves. Captain Ken Jones and D. Dykes led the team with 14 and 11 points, respectively. About was high scores for the Normalites.

The senior boys' hockey team held a couple of work-outs during the past week and the club coach for E. G. Gaulting is showing possibilities. The starting line-up will be chosen next week with the league commencing shortly afterwards.

At the Students Union meeting Wednesday the date for the skating party sponsored by the "cavalier club" was discussed. It is to take place

TRAIL RANGERS PLANNING MORE BADGE PROGRAMS

Trail Ranger groups in the city this week were busy planning badge-work programs and conducting sessions of woodcraft and other hobbies. Following are the activities of some of the groups:

Calvin Spiffers: This group studies woodcraft and have already made plans for "bugger things" in the future.

Adventure Olympics: In addition to badge-work and woodcraft, the Olympics have been looking to the future and are working towards the full attendance at the coming rally to be held in conjunction with the Scout and Forest Heights groups.

Central Builders: The following officers were elected at a recent meeting of the group: Tom Mayson, chief ranger; Billy Stansfield, deputy chief; David Walsh, treasurer; Dennis Fahy, secretary.

Central Vikings: Badge-work and a program of "scrambling" the club-room have been undertaken here.

Forest Heights Non-Skids: The boys in this group are well on their way in the woodwork program.

Knox Hi-movers: String bells and badge work hit the weeks' highlights in this organization.

BISSEL GROUP ELECTS OFFICERS FOR YEAR 1941

With Mrs. J. T. Stephens acting as returning officer and Roy Chokich, as poll clerk, the Institute held its 1941 elections recently.

The following officers were elected: Alex Sivok, president; Mary Myers, vice-president; Margaret Stephens, secretary; Evelyn Siefert, assistant secretary; Elsie John, development officer; William Kurph, citizenship officer; Margaret Kennedy, social officer; Kathryn Perry, singing officer; Dorothy Chandler, Christian officer; Bob Puck, sports officer; John Ritchie, reporter; Evelyn Siefert, critic.

The objective stated by a score of 4.

With the commencement of a new term the various clubs are resuming activities. The Drama club has re-opened its register for new members. The Public Speaking and Debate club is holding a meeting Friday in the evening. The group is planning to hold a meeting Friday in the evening.

The committee in charge includes: John Miller, Betty Bonn, Jackie Scott and Rex Kaufman.

Under the leadership of R. N. Coulter and R. H. Dobson, a new house-league hockey school has been drawn up, consisting of a four team circuit. These teams are under the captainship of Jack Irvine, John Christian, Jack Ogilvie and Bert Plesman. On Wednesday Irvine's team beat

HOLDEN SCOUTS DEFEAT BASHAW YOUNGSTERS 8-3

Exclusive to Edmonton Bulletin
BANHAW Jan. 11—Holden Scout hockey team returned home recently winners of the first hockey game here this season, with a score of 8-3 chalked up against the local youngsters.

In excellent shape, the visiting team delivered a good game of hockey. The Bashaws have lost one injury in their ranks when Barry Ellis, left wing, was injured by a flying puck and caught on his face. He returned gamely to the ice however and gave a good amount of service, following first aid treatment.

Lou Nova Makes Comeback Good By Beating Comiskey Every Round

S-T-R-E-T-C-H AND SMILE

News from the Health and Recreation Centres
By EIGIL HORNING

THE first week of activities has passed and we are pleased with the attendance at all points. We have also seen several new faces among the groups, which, regardless of the cold weather we had during the past week, turned out splendidly.

From our energetic instructor Jean Fuller we learn that the King Edward Park Centre will have a new mat during the coming week and the trainers are very enthusiastic about the additional exercise they will have from mat lambing. At the Memorial Hall the attendance has picked up and several new faces are to be seen there. We welcome them and sincerely hope they will enjoy themselves as much as the rest of the trainers.

A little difference about the holiday was noticed at the "Loose Temple" club but it is fast disappearing. This centre has a very nice group of young ladies who show a lot of skill in the exercises and are very enthusiastic. They will try anything new and work hard at it until they have it down perfectly.

CAL HOLMSTROM RACK
At Westmount we find Cal Holmstrom back from a vacation at the coast looking well rested and full of pep. We had the pleasure of seeing some new faces at this centre this week and hope to have a cracker jack of a class when time comes for next year's demonstration.

It is with great joy that we have to report that our best man instructor, the famous Irishman, Victor Wood, is pulling off the barista on his own at the Dominion Recreation Centre. Health and Recreation classes are concerned, at first for the time being, but we are sure he will hold his own in the Y.M.C.A. and are of course glad to see him in the new year. We wish him all the best for many years to come as he has

JOHN WATLING—THE PIOUS PIRATE
ALTHOUGH ONE OF THE BLOODIEST PIRATES WHO EVER SLIT A THROAT OR SCUTTLED A SHIP
HE WAS A VERY PIOUS MAN AND NEVER BROKE THE SABBATH IN HIS LIFE TIME!

EXPLANATION OF TODAY'S CARTOON
THE PIOUS PIRATE: John Watling, one of the bloodiest pirates who ever slit a throat or scuttled a ship, was a very pious man in private life. He never broke the Sabbath in his lifetime, was forever playing the piano and delivering sermons on the Gospel. War he the pirate who was ever caught breaking the Sabbath. He died in a piratical attack on Africa, Port, on Jan. 12, 1861, and his name was given to the most historical island on the western hemisphere, Watling's Island, where Columbus first set foot on American soil in the morning of Oct. 12, 1492.

Approval Report
MONTREAL, Jan. 11.—(AP)—The Quebec Amateur Hockey Association Friday night gave its approval to all sections of the report of the semi-annual meeting of the Canadian Amateur Hockey Association held in Port Arthur, Ont., last week.

The report on the C.A.H.A. meeting was presented by Norman Macdonald, president of the Quebec branch.

A joy is a type of word.

Former Collegian Unable To Deliver Needed Kayoe

NEW YORK, Jan. 11.—(AP)—Lou Nova, the California clown, came a long way back along the heavyweight "glory road" Friday night by punching Pat Comiskey all over Madison Square Garden's ring to win an easy 10-round decision in his return to boxing's big time. Nova weighed 200½; Comiskey 204½.

With a surprisingly large crowd looking on, Nova made it strictly "no contest." He won going away, just as he pleased. He floored the Paterson, N.J., youngster twice, cut him over both eyes with a slashing straight left, and drew blood from so many other gashes on Pat's face that he looked, at times, as though a bottle of catsup had been dumped on him.

The decision was unanimous. The Associated Press score card gave Nova every round, with only one tie third, anywhere near close.

Thus the ex-collegian from California came back, just as he has been boasting he would. Tipped from making as No. 1 contender for the Louis crown 18 months ago by Tony Galante, and last time out he won by a lull, while having lost into hospital for several months, he made good his promise that he would be back on top there, but that at 200½ pounds, he was bigger and stronger and better than ever.

Comiskey, stopped by Max Baer in less than a round last summer and badly beaten Friday, dropped to one knee from a right-hand shot in the first round, but pulled himself right up without a count, by clamping his arms around and raising himself. He slipped in one knee in the second, but it was not a knockdown.

Then, in the 10th, as Nova lashed him, intricately about the body with both hands, he couldn't stand the punishment any longer and again slumped to one knee. This time his right hand resting against the ropes, and requested that way until Referee R. H. Cavanagh counted him out.

To a crowd of 12,800, who contributed to a gross gate of \$30,842, Nova was victorious in his boxing and punching, if not deadly, spicing power. Comiskey couldn't get out of the way of Lou's straight left.

In the 10th, it was as one would expect Nova's chief reason, Ray Arndt, should be him to "take a case," but Lou, seeing the kill, pushed in and tried for a knockout. That's about the only thing that didn't happen to him.

There is a Time to Plough, And a Time to Reap

By Nellie McClung

Continued

I WAS prepared to write on another topic for this week's column, but after listening to the sermon of the Rev. Mr. St. John, I changed my mind. There is a time to plough, and a time to reap. It is the time to reap that we are living in now. We have sown the seed of the Gospel in this country, and now it is time to reap the harvest. We have seen the fruits of our sowing in the lives of many of our people. We have seen the fruits of our sowing in the lives of many of our people. We have seen the fruits of our sowing in the lives of many of our people.

ALL IN DANGER No wonder the great Garibaldi was this way with the Italians. "Come and suffer," he said to the Italians who loved their country, and were ready to die for their vineyards and olive groves. People must have a cause, clear and well defined, and the cause must be their own. It is the time to reap that we are living in now. We have sown the seed of the Gospel in this country, and now it is time to reap the harvest.

McKenney On Bridge By Wm. E. McKenney America's Card Authority In his victory in the mixed pair championship with Mrs. R. C. Young of Hollywood, Pa., Sydney Young of Oklahoma, Tex., won his first national trophy in 1928. He was one of the world's leading players of the game of bridge, which has become a popular pastime in this country.

FARMERS PLAN PARTICIPATE IN SHORT COURSE

Many farmers are planning to attend the educational short course, to be held at the Imperial Hotel on January 13 and 14, in conjunction with the Provincial Seed Fair, according to provincial agriculture department officials.

Practical use of the short course will be demonstrated by Prof. E. A. Haggis, head of the department of agricultural engineering, University of Saskatchewan, who will present a paper on "The Use of Farm Power." This will include many problems relating to the use of tractors and the use of the tractor in the field.

2,000 City Pigeons Awaiting Call For Active War Service: Would Be Winged Messengers

By BERT NIGHTINGALE, JR.

Did you know that at the present time there are 500,000 pigeons in England awaiting a call for active service?

And did you know that right here in Edmonton there are 2,000 of the birds on call at any time for duty with His Majesty's forces anywhere in the world?

According to these statements are Jack Richards, pigeon master and William Ruff, former member of the city council, who are the promoters of the project, and who are now in charge of the project.

The project is to train 2,000 city pigeons to be used as messengers in the event of a war. The pigeons are being trained by Jack Richards, a pigeon master, and William Ruff, a former member of the city council.

C.N. EMPLOYEE RETIRES AFTER LONG SERVICE

William James, Will Robinson, retired Wednesday and was leaving to enjoy a well-earned vacation.

In the early 20s, Mr. Robinson was a member of the Canadian National Railway's police force and has remained there since the long and arduous service.

He has a wonderful story to tell of his service in the Canadian National Railway's police force, and of his service in the Canadian National Railway's police force.

THIS CURIOUS WORLD
T M KID U S PAT OFF

MOTHER NATURE'S DUMB CREATURES HAVE A LOT OF ASSETS WE HUMANS COULD MAKE GOOD USE OF! FOR INSTANCE

IF WE HAD THE POWER IN OUR JAWS THAT HYENAS DO.
THERE'S MY BALL, WAY OVER THERE.

IF WE HAD THE KEEN EYES OF BIRDS.
SORRY I HIT YOU IN THE BACK WITH THAT BLAST OF BUCKSHOT!
THAT'S O.K. IT JUST TICKLED!

IF WE COULD HIBERNATE, LIKE BEARS.
DON'T WAKE ME UNTIL THE BASEBALL SEASON OPENS.

IF WE HAD A BIG SOUND BOX IN OUR HEAD, LIKE HOWLER MONKEYS...
NOW I'LL HOP OVER TO DENVER!

IF WE COULD JUMP AS FAR, PROPORTIONALLY, AS FLEAS.
TH' BOSS!

EVEN POLITICIANS WOULD NEED NO LOUD SPEAKER SYSTEMS.
IF WE HAD EARS AND NOSES AS SENSITIVE AS THOSE OF DOGS.

IF WE HAD A BEAK AND FEATHERS, WE'D NEVER NEED WORRY ABOUT LOSING OUR HAIR AND TEETH!
IF WE HAD THE ARMOR-PLATE HIDE OF A RHINOCEROS.
